**BLANKET PURCHASE AGREEMENT
DOD ENTERPRISE SOFTWARE AGREEMENT (ESA)**

In the spirit of the National Performance Review, the Department of Defense (DoD) and CDW Government, Inc. enter into a cooperative agreement to further reduce the administrative costs of acquiring commercial items from the General Service Administration (GSA) Federal Supply Schedule Contract GS-35F-0195J.

Federal Supply Schedule Contract Blanket Purchase Agreements (BPA) reduce contracting and open market costs such as: search for sources, the development of technical documents, solicitations, and the evaluation of bids and offers.

This BPA will further decrease costs, reduce paperwork, and save time by eliminating the need for repetitive, individual purchases from the schedule contract. The end result is to create a purchasing mechanism for the Government that works better and costs less.

The Enterprise Software Initiative (ESI) is a joint DoD project to develop and implement a DoD enterprise process. This BPA is issued in the spirit of the policy and guidelines provided in the Defense Federal Acquisition Regulation Supplement (DFARS) Section 208.74.

Attachments to this agreement are:

- a. Attachment A - Product and Price List
- b. Attachment B - Terms for CLP Government Program
- c. Attachment C - End User License Agreement
- d. Attachment D - Report of Sales – Standard Format
- e. Attachment E - ITEC Direct – Standard Format

A. TERMS AND CONDITIONS

1. Pursuant to General Services Administration (GSA) Federal Supply Services (FSS) Contract Number GS-35F-0195J, CDW Government, Inc. agrees to the following terms of a Blanket Purchase Agreement (BPA) with the Naval Inventory Control Point (NAVICP). All orders placed against this BPA are subject to the terms and conditions of the FSS Contract. The items on this BPA are set forth in Attachment A. The CLP Program terms and conditions for products acquired under this BPA are defined in Attachment B. Use of all software acquired under this BPA is subject to the Adobe End User License Agreement (EULA) for the applicable product. A EULA is provided in Attachment C; however, end users must consult and comply with the full license terms of the EULA for the specific product that is received when placing an order for an individual product.

2. **Extent of Obligation.** The Government is obligated only to the extent of authorized purchases actually made under this BPA. There is no minimum order guarantee.

3. **Funds Obligation.** The BPA does not obligate any funds. Funds will be obligated on each delivery order.

4. **BPA Term.** The BPA expires 30 September 2005. This expiration is contingent upon the Contractor maintaining or renewing a GSA FSS Schedule. The BPA will be reviewed annually.

5. Pricing Terms. Attachment A provides unit prices for all products under this BPA. Prices shall not escalate and are not subject to upward adjustment during the term of the BPA. Spot discounting is encouraged and all Adobe discounts and promotions shall be offered to the individual customers. The prices on the BPA will be reviewed annually, or as required to determine whether a reduction is appropriate in accordance with the price reduction provisions of the agreement. A 2% Acquisition, Contracting, and Technical (ACT) Fee shall be included in the prices. The contractor shall be responsible for the payment of all fees that are included in the product pricing (i.e. GSA, ACT), as calculated on the customer orders.

6. Price Reduction

6.1 Most Favored Customer Prices. The prices under this BPA shall be at least as low as the prices that the contractor has under any other contract instrument under like terms and conditions. If at any time the prices under any other contract instrument become lower than the prices in this BPA, this BPA will be modified to include the lower prices.

6.2 Price Redetermination. OMB has recently announced the SmartBUY initiative to maximize cost savings and achieve best quality when acquiring software. The General Services Administration (GSA) is the designated Executive Agent for SmartBUY. The initiative will establish software enterprise licensing on a government-wide basis. If during the term of this ESA, Adobe and its resellers enter into a government-wide agreement with the GSA under the SmartBUY Initiative, which includes pricing for the specific products or services under similar terms and conditions as those licensed by the DoD, neither Adobe or its resellers will preclude the DoD from licensing products or purchasing services under a SmartBUY agreement.

7. License. Software licenses purchased under this BPA are perpetual software licenses subject to the licensing provisions of the End User License Agreement (EULA) for applicable product that accompanies each shipment of software. Proof of license shall be provided to the end use customer. Acceptable formats for license proofs include original software licenses, certificates of authenticity, or purchase invoices. CDW-G will provide proof of license through a valid CDW-G purchase invoice, which is provided with each software purchase and becomes valid upon Government receipt and acceptance.

8. Media. The prices for licenses and maintenance do not include media and documentation. Pricing has been provided for media and documentation under individual CLINs, however, some products may be open market items and not available on GSA schedule. All such products are clearly identified "open market item". Orders under this BPA may include media and documentation when purchased in accordance with the following standard GSA terms. For administrative convenience, open market (non-contract) items may be added to a FSS BPA or an individual order, provided that the items are clearly labeled as such on the order, all applicable regulations have been followed, and price reasonableness has been determined by the *ordering activity* for the open market (non-contract) items. CDW-G will provide media distribution via electronic download through a designated website for this BPA. The website will contain instructions for download as appropriate.

9. Maintenance. Maintenance for the Licenses is optional and may be obtained at any time during the Program term and includes one (1) and/or two (2) full years of coverage from date of delivery. To obtain Maintenance for Licenses during the Term of the Program, Program Member must be at the currently shipping version of a Software Product and a new version of that Software Product must not have been announced by Adobe. If the product is not the currently shipping version, an upgrade must be purchased prior to placing the product under maintenance.

10. Updates/Upgrades. While maintenance coverage grants users the right to upgrades and updates, customers must request such upgrades or updates by purchasing the media. Some updates may be available for download from the web but upgrades require the purchase of media. The contractor shall provide notification of update/upgrade availability via email and web site. Customers desiring email notification of update/upgrade availability must include the appropriate email address in the order. CDW-G will provide update/upgrade distribution via electronic download through a designated website for this BPA. The website will contain instructions for download as appropriate.

11. Technology Improvement. The Government may solicit and the BPA holder is encouraged to propose independently, technology improvements to the BPA. Proposals shall be submitted by the BPA holder and include a description of the products and/or services, an electronic copy of the pricing tables, technical literature that describes the products and/or services, and evidence of inclusion on GSA schedule. Pricing shall include discounts from GSA schedule at the same or greater level as the original BPA product prices.

12. Substitution and Technology Refreshment. If at any time during the life of this BPA, the original manufacturer of the equipment (includes software, hardware and firmware) schedules the products for discontinuation, improvement and/or replacement, the BPA holder shall provide a proposal to include the new or revised products on the BPA under the appropriate line items. Proposed prices for new or revised products shall be constructed in accordance with paragraph 6 of this BPA for most favored prices. Discounts shall be at the same or greater discount level as the original BPA product prices. Proposals shall be submitted to the Contracting Officer within seven (7) days of the BPA holder's awareness of the OEM's intent. Improvement of product includes new releases, updates, upgrades including additional features and functionality, and successor or upgrade products.

B. ADMINISTRATION AND AUTHORIZED USERS

C. ORDERING

1. Notice to Ordering Offices: This is a multiple award BPA established against GSA Schedule. It is the responsibility of the Ordering Officer to ensure compliance with all fiscal laws prior to issuing an order under this BPA. Ordering Officers are also responsible for ensuring the vendor selected for the order represents the best value and the lowest overall cost alternative for the requirement being ordered (see FAR 8.404).

2. Enterprise Software Agreement (ESA) Regulation: DFARS Section 208.74 directs software buyers and requiring officials to check the DoD ESI website for DoD inventory or an ESA before using another method of acquisition. These steps for the buyer are summarized from the DFARS:

- a. Check the Enterprise Agreement Summary Table to determine if software rights or maintenance have already been purchased and are available from DoD inventory. If they are available, purchase the designated software from DoD inventory and reimburse the SPM.
- b. If the required software rights or maintenance are not available from inventory or from an ESA, you may use an alternate method of acquisition, subject to laws and policy.
- c. If the required software rights or maintenance are not available from inventory but are available from an ESA, you must follow the procedure in the DFARS Section 208.74.
- d. If you must obtain the software or software maintenance outside the DoD ESA, you may seek a waiver from a management official designated by your DoD Component.

This BPA is a DoD ESA and will be posted to the DoD ESI website as part of the ESI program.

3. Delivery Orders. The scope of this effort is worldwide. Delivery requirements will be stipulated on Delivery Orders. Ordering via this BPA is decentralized. Orders are prepared by a Government Ordering Officer (a duly warranted Contracting Officer whose warrant authorizes purchases from the GSA Schedule) in accordance with the terms and conditions of this BPA and the GSA Schedule. Orders may be placed by EDI, credit card, facsimile, on an authorized form such as a Standard Form (SF) 1449 or Department of Defense (DD) Form 1155, or by logging on to the CDW-G purchasing page at: www.CDWG.com/ESI.

4. Users' Ordering Guide. The Contractor shall develop a Users' Ordering Guide in coordination with the Government that will be posted to the Contractor web site and various Government sites. The Ordering Guide is required within thirty (30) days of BPA issuance and made available on the Contractor's home page. This guide shall be continuously updated as required. The guide shall contain all information necessary for geographically dispersed activities to place orders, including, as a minimum:

- a. URL where a complete list of products available, with appropriate contract line item numbers (CLINs) and associated prices can be found
- b. Government and Contractor Points of Contact
- c. Description of the ordering process
- d. Program Terms and Conditions
- e. License Terms and Conditions
- f. Information necessary to complete a DD350
- g. Range of discounts
- h. Links to DoD ESI and the Government web sites

5. E-Commerce Site. It is the intention of the Government to use existing and future capability of the DoD Standard Procurement System, Electronic Data Interchange (EDI) capability, Government procurement card, and vendor electronic ordering capability to create a paper-less ordering, invoicing and payment process. During the term of the BPA, the Contractor shall participate to achieve this objective.

This BPA will be posted to the DoD ESI website as part of the ESI program. The web site can be viewed at <http://www.don-imit.navy.mil/esi>. This BPA may also be loaded into the electronic catalog systems of other DoD agencies.

On-line ordering can also be accomplished at <http://www.itec-direct.navy.mil>. ITEC Direct is the Navy's World Wide Web accessible shopping and order processing tool. The following requirements apply to this BPA:

- a. This BPA may be placed in the Department of the Navy's (DON) ITEC Direct system as part of the DON Information Technology Electronic Commerce (ITEC) Direct Project. If placed in ITEC Direct, the contractor shall insure that the data and information obtained through ITEC Direct is current, accurate, complete, in the standard format enabling expedient data loading and relevant to the acquisition vehicle. The standard format is provided in Attachment (E).
- b. The Contractor shall maintain a database of prices with the required and relevant information and links to technical specifications to be accessible by ITEC Direct in a distributed database environment.
- c. The Contractor shall maintain coordinated and integrated hypertext links to ITEC Direct from their World Wide Web site(s) to the ITEC Direct site and shall insure the integrity of any data and information posted on their web sites or in the ITEC Direct web site for their acquisition vehicle. This effort may require the Contractor to adapt their practices so that electronic commerce can be conducted through ITEC Direct to the vendor.
- d. The Contractor shall provide EC/EDI capabilities and accept and respond to secure on-line orders and customer requests consistent with the terms of this acquisition vehicle.
- e. The Contractor shall adapt its business processes, at no additional cost to the government, as the DoD Virtual Information Technology Marketplace (VITM) and ITEC Direct technical requirements, environment and architecture evolve. The VITM may be reached via the web site www.vitm.gov.

6. Delivery Schedule. The Contractor will be required to deliver all products within 7 days of receipt of order. More expedient delivery terms may be proposed on individual orders, and are encouraged. Deliveries will be made to the address specified on the delivery orders issued against the BPA.

7. Delivery Notice. Unless otherwise agreed to, all deliveries ordered under this BPA must be accompanied by a delivery notice, ticket or sales slips that must contain at a minimum the following information:

1. Name of Contractor
2. GSA Contract Number
3. BPA Number
4. Product Description/Model numbers
5. Delivery order number
6. Date of purchase

7. Quantity, unit price and extension of each item (unit prices need not be shown when incompatible with the use of automated systems; provided that the invoice is itemized to show the information)
8. Date of shipment

8. Suspension. There may be occasions where the Government may suspend ordering (by CLIN up to and including the entire BPA.) If a suspension is announced, the Contractor shall adhere to this suspension by not accepting/processing delivery orders for the suspended item(s).

D. INVOICING AND PAYMENT

1. Invoicing. The requirements of a proper invoice are as specified below as required by FAR 52.212-4 in the Federal Supply Schedule contract. Full text of this clause can be found on the web at URL: <http://farsite.hill.af.mil/>. The contractor shall submit an original invoice and three copies (or electronic invoice, if authorized), to the address specified on the delivery orders issued against the BPA. An invoice must include:

- a. Name and address of the Contractor
- b. Invoice date
- c. Contract number, contract line item number and, if applicable, the order number
- d. Description, quantity, unit of measure, unit price and extended price of the items delivered
- e. Shipping number and date of shipment, including the bill of lading number and weight of shipment if shipped on Government bill of lading
- f. Terms of any prompt payment discount offered
- g. Name and address of official to whom payment is to be sent
- h. Name, title, and phone number of the person to be notified in event of defective invoice

Invoices will be handled in accordance with the Prompt Payment Act (31 U.S.C. 3903) and Office of Management and Budget (OMB) Circular A-125. Prompt Payment Contractors are encouraged to assign an identification number to each invoice.

2. Fast Payment Procedure. The provisions of FAR 52.213-1 FAST PAYMENT PROCEDURE are incorporated in this BPA by reference and pertain to Credit Card purchases or other applicable order deliveries. Fast Payment procedures may be used when the conditions of FAR 13.402 are met and the delivery order authorizes Fast Payment. Full text of this clause can be found on the web at URL: <http://farsite.hill.af.mil/>.

3. Precedence. The terms and conditions included in this BPA apply to all purchases made pursuant to it. In the event of an inconsistency between the provisions of the BPA and the Contractor's invoice, the provisions of the BPA will take precedence.

4. Fees and Payments.

4.1 GSA Industrial Funding Fee. The unit prices include a markup to account for the GSA fee. The contractor shall be responsible for all required filings to GSA and for payment of this fee in accordance with applicable GSA instructions.

4.2 Acquisition, Contracting, and Technical (ACT) Fee. The cost of awarding, administering and managing this BPA is included in the prices charged to ordering activities. The ACT fee is 2%. Remittance of the ACT fee shall be made on a calendar quarterly basis (i.e. January – March, April – June, July – September, and October – December) or as otherwise requested by the Software Product Manager (SPM) and is due thirty (30) days following the completion of the reporting period. Negative reports are required. ACT fees that have not been paid within the prescribed thirty (30) days shall be

considered a debt to the United States Government under the terms of FAR 32.6. The Government may exercise all its rights under the contract, including withholding or setting off payments and interest on the debt (see FAR 52.232-17, Interest). Failure of the Contractor to pay the ACT Fee in a timely manner may result in termination of the Contract.

The Navy and Air Force are participating in a fee-sharing program. The contractor shall collect the 2% ACT fee and distribute in accordance with the following procedures. Fee sharing shall be determined by the End User Agency or Service identified in the monthly Report of Sales. This field shall be notated DON, DOA, DOAF or DOD as appropriate. Do not issue fee checks until written approval is received for the Report of Sales.

ALL SALES:

The 2% ACT fee is split equally between the DoD Component whose customer places the order and the DoD Component that manages the ESI agreement. In other words, any Air Force order against an ESI agreement managed by the Navy results in a 1% portion of the 2% fee being returned to the Air Force acquisition organization (listed under Air Force Sales). The Navy will retain the entire 2% fee under orders issued for Navy activities or those activities that do not collect a fee under the ESI agreements managed by the Navy. The contractor is responsible for distributing the ACT fee to all applicable Services in accordance with the instructions herein. The amount of ACT Fee due the Financial Management Office (FMO) shall be calculated at 1% for Air Force sales and 2% for all other sales.

Remit ACT Fee to the Financial Management Office (FMO) by corporate or cashier's check made payable to "Treasurer of the United States".

FEE SHARING SUMMARY

	Navy & DoD Remit to: FMO (SPAWAR)	Air Force Remit to: DFAS Pensacola (DFAS OPLOC/PE)	Total ACT Fee
Fee Applicable to: Navy, & Other DoD Sales (DON, DOA, DoD)	2%	0%	= 2%
Fee Applicable to: Air Force Sales (DAF)	1%	1%	= 2%

NOTE: There is a potential change to the disbursement of the ACT fee that will add an additional service or services to the existing fee sharing participants. While the basic procedures will remain unchanged, contractors will be required to remit a portion of the ACT fee to any additional participants in the program that may be named in subsequent modifications to the BPA. Such changes will be made by the contractors at no cost to the Government or change in BPA price.

E. BPA MANAGEMENT AND OVERSIGHT

1. The Contractor must provide centralized administration, in the form of a Program Manager, in support of all work performed under this BPA. The Program Manager, at a minimum, is required to participate in periodic program management reviews (which may require travel to a Government named site). Additional functions would include customer service, periodic program management reviews, invoicing, payment and submission of monthly and quarterly reports. The Contractor shall ensure that all sales personnel are aware of the Enterprise Software Initiative Program and enforce the policy that this BPA is the preferred DoD procurement vehicle for the products within.

2. **Report of Sales.** Consistent with Clause C.22 of the GSA Schedule, a Report of Sales as described herein shall accompany the remittance of the ACT Fees to enable verification of the fee amounts rendered. Submission of the Report of Sales shall be made on a monthly basis or as otherwise requested by the SPM. The monthly report is due, in electronic format, within fifteen (15) days of the monthly reporting period. Reports of Sales shall be submitted to the SPM and PCO in electronic format within fifteen (15) days following the completion of the monthly reporting period. The report shall be

submitted in the standard format shown in Attachment (D). The SPM or PCO will provide written approval of the report to the contractor.

3. Records. The Contractor shall maintain archival copies of all orders for the life of the BPA. Copies shall be made available to the Government upon request.

4. Program Management Reviews (PMR). The Contractor shall participate in regular reviews of the progress of the BPA. Reviews shall be held at least twice yearly as scheduled by the Software Product Manager. During these reviews the Contractor shall report on among other things, status of BPA sales, marketing and any outstanding issues concerning the BPA. PMR agenda and presentation format shall be provided prior to each PMR. Travel expenses are the responsibility of the contractor.

5. Marketing. The Contractor shall dedicate reasonable resources to this effort and work to market and advertise this agreement. Desired actions include: advertising resultant vehicles on the contractor's Internet site and advertising the agreement at relevant trade shows, participation in agency sponsored events and news media geared to Government/DoD IT people.

F. STANDARDS

1. YEAR 2000 Compliance. All products provided under this BPA shall be Y2K compliant as defined in FAR 39.002.

2. JTA Compliance. All products offered shall comply with the appropriate Publicly Available Standards (PAS) (i.e., TIA, EIA, ANSI, IEEE, ISO) and the applicable DoD information technology standards contained in the Joint Technical Architecture (JTA). More information on this standard can be found at <http://www.itsi.disa.mil>.

3. Section 508 of the Rehabilitation Act Compliance. All products provided under this BPA must meet the applicable accessibility standards at 36 CFR Part 1194 as required by FAR Case 1999-607. General information regarding the Section 508 Act can be found at the web site www.section508.gov. Adobe Section 508 compliancy information can be found at: <http://access.adobe.com/section508.html>
